Risk: low

Dinosaur Fossils

{Challenge}

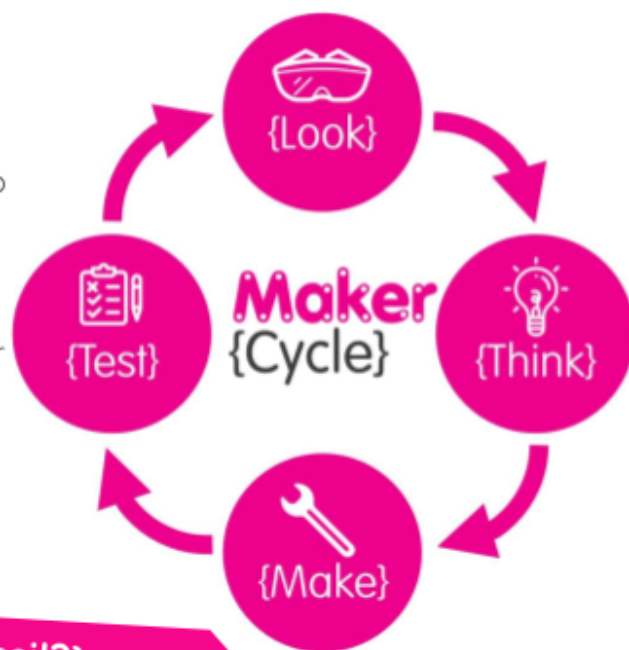

Make dinosaur fossils and uncover them like an archeologist

What you need

- 2 cups Flour
- 1 cup Salt
- ¾ cup Warm water
- Mixing bowl and spoon
- Toy dinosaur figures
- Sand or more flour
- Paint brushes

Use the Maker{Cycle} to create like a Maker:

- Mix the flour, salt and warm water in a bowl until the dough comes together.
- Break off small balls and flatten a bit, now press your dinosaur figures into the dough to leave an imprint.
- Leave them to air dry for 1-2 days or bake them in a low oven to speed things up.
- Once they are dry, hide them in sand or flour and use paint brushes to uncover them, just like an archeologist!

{What is a fossil?}

Fossils are the remains or traces of plants and animals that lived long ago
